

**AIMS**African Institute for
Mathematical Sciences
SENEGAL

NDEYE BINTA NDIAYE

Data Scientist

Profil:

I hold a bachelor's degree in mathematics and computer science from Iba Der Thiam University in Thiès, Senegal, and am currently pursuing a master's degree in Big Data at AIMS (African Institute for Mathematical Sciences) in Senegal. Passionate about data science, machine learning, algorithms, and mathematical foundations, I have a strong background in stochastic and deterministic analysis, as well as in Python. With a practical focus, I seek to strengthen my skills through training and applied projects in order to contribute to innovative solutions in the fields of artificial intelligence and data science.

EDUCATION

Master BIG DATA

African Institute for Mathematical Sciences | 10/2025 - 03/2027

Bachelor's Degree in Mathematics and Computer Science

Iba Der Thiam University, Thiès | March 2021 - July 2025

Science Baccalaureate

Science Baccalaureate | October 2019 - July 2020

PROJECTS & EXPERIENCES

Machine Learning: Development of a predictive model for urban air quality, including comprehensive data preprocessing and performance evaluation.

Data Collection: Web scraping architecture to analyze the African cryptocurrency market, with a real-time Streamlit dashboard.

Deep Learning Organization of an inter-team challenge and completion of three CNN projects using transfer learning: butterfly classification, disease detection on tea leaves.

Database IoT agricultural monitoring system: modeling, deployment, sensor network, and monitoring dashboard with NoSQL analysis.

SKILLS ACQUIRED

- Stochastic and deterministic analysis
- Machine learning, deep learning ,computer vision,NLP
- Statistics - Multivariate analysis (PCA, PCA, LDA, etc.)
- Web scraping: BeautifulSoup, Selenium
- Feature engineering, data cleaning, data transformation
- Dev web , Generative AI , Climate for Data Science(MATH)
- Python, R , SQL, NoSQL
- C/C++,Linux
- Tools: pgAdmin vscode

NATIONALITY: Senegalese
